Akron-Summit County Public Library's Makerspace

A makerspace is a place for making, learning, exploring and sharing. We have a variety of tools available to the general public for free or little cost. Some examples include recording studios, laser engraver, vinyl printer, sewing machines, and more. Creating something yourself is what a makerspace is all about. You have the idea. We have the tools. Come make your thing.

3D Printer

Find a 3D design – or create your own – and watch it print right before your eyes! Toys, tools, prototypes, inventions, tchotchkes – bring the file and we'll print it for you at a cost of **\$1 per print hour**.*

Button/Magnet Maker

Use the button maker to create buttons or magnets to promote your business, campaign, band, or brand. We have two options of sizes: the cost is **30¢ each for the 2.25" size and 45¢ each for the 3"**.*

Design Computers

Where your design dreams become a reality. Use our design computers to start developing your ideas using Adobe Creative Cloud, Corel, and the Microsoft Office suite.

Direct to Garment Printer

Print logos, graphics, text, and pictures directly onto t-shirts with the Epson F2100 Direct to Garment (DTG) Printer. Bring your own design and shirts. **\$6 per shirt**.*

Green Screen

Want to interview someone or make a commercial and then superimpose your subjects onto a virtual background? Then the green screen is for you. We have lights, cameras, and instructions if needed.

Heat Press

The heat press is available to use for free. It's necessary if you are using our Direct to Garment printer; you bring your own heat transfer sheets to cut on our Silhouette Curio; or you have made your own heat transfers elsewhere and just need a heat press to use. It's the final step to personalized shirts.

Laminating

Laminate an award, artwork, ID card, or anything else worth preserving. We have two different sizes of laminate pouches: **8.5"x11.5" and 9"x14" and they are 40¢ each**.*

Laser Engraver

Etch your logo or design into a variety of materials. Make the design yourself or find something online. You can use the laser engraver/cutter to make complex designs, or simply etch text, pictures, or patterns.

Media Transfer Station

Do you have negatives, VHS, pictures, super 8mm, Vinyl LPs, or cassettes that you would love to have a digital copy? Then this is the station for you.

Photo Printer

Did you take pictures with your phone, digital camera, or tablet on vacation, at a special event, or when you were out and about? Use our photo printer to get a hard copy of those snapshots. **4x6 photos are 25¢ each; 5x7 photos are 50¢ each**.*

Recording Studio

Record music, interviews, or podcasts using TechZone's Recording Studios. Our studios include have virtual instruments, music loops and studio quality recording software to help you sound great.
