

Ready, Set, Kindergarten!

Wednesdays, 6 pm at Goodyear Branch Library

Whether your child is going to kindergarten this year or next, join us each week as we focus on skills to help children get ready for kindergarten. Join us for a story time program with activities and learning. After the stories, there will be individual interaction stations set up for parents and children to make and take ideas home for further learning. This program is designed for children age 3 and up. Registration appreciated.
