Public Library and
Center for Nonprofit
Excellence

How can your organization survive and even thrive in 2011? One key to success is a fundraising strategy that includes several revenue streams. Geared to nonprofit staff and volunteers, this monthly workshop series covers the fundamentals of establishing and strengthening a fundraising program.

The Akron-Summit County Public Library and the Center for Nonprofit Excellence are Cooperating Collections of the Foundation Center. As members of this network, both organizations provide visitors with free public access to grantmaker directories, materials on fundraising and nonprofit management, and the Foundation Center's electronic databases, Foundation Directory Online and Foundation Grants to Individuals Online.
