

# Nature Connect

## Multiple Visits (3 or more) Hey nature lover, welcome back.

How many people were with you:

Just what makes you keep coming back?

In your first survey, you were asked to rate your involvement in nature. To recap, were you:

1. Out all the time.
2. Fair-weather friends of nature, we get out if we can.
3. Indifferent
4. The indoor types, we like looking at it out a window.

How would you rate yourself now?      1    2    3    4

Did NatureConnect change your view of nature and play? If so, how?

Now that you have experienced NatureConnect and the sensory garden, how closely would you rate yourself as doing the following (5 strongly, 1 not at all):

Looking closely at nature	5	4	3	2	1
Listening to nature	5	4	3	2	1
Smelling nature	5	4	3	2	1
Touching nature	5	4	3	2	1
Telling stories in/with nature	5	4	3	2	1
Making music and moving in nature	5	4	3	2	1

Having experienced the space, have you taken what you did here into other places of nature? Where? How so or what did you do?

Survey continues on reverse

**As someone with experience in the space, do you have any suggestions to make the space better? Please share.**

**What will you look for next time?**

**What are you hoping to see or do next time?**

**Do you know of any other nature places where we can learn? Where?**

**Can you make a statement about your experiences with the space that we can share?**

**Name:**

**My experience:**
