

# Discover Your **FAMILY HISTORY** at Main Library

**March-May 2012**  
**Saturdays, 10 am-Noon**

## **Finding Your Immigrant Ancestors**

**March 3**

Most of us will find immigrant ancestors somewhere in our family tree. Join us for a discussion of identifying immigrant ancestors and locating passenger lists and naturalization records. As we will be using electronic resources, basic computer skills are recommended. This workshop meets in Computer Lab 2, First Floor, Main Library.

## **Getting Started in Family History**

**March 17 AND May 5**

Join the Special Collections Division for an introduction to genealogy for new family historians. Each session includes an overview of genealogical sources available at the library, suggestions for getting started, and tips for organizing your research. This workshop meets in the Special Collections Division, Third Floor, Main Library.

# Putting It All Together: Organizing, Storing, and Sharing Your Genealogy Research

March 10

Family history research can produce a lot of documents, photos, and memorabilia. Organizing it is a work in progress and may never be complete, but it's not a lost cause! This class offers ideas and resources for recording, storing, preserving, displaying and sharing your research. Participants learn about citing sources, common forms and charts, basic preservation techniques, software options, and other ways to "put it all together." This workshop meets in Meeting Room 2AB, High Street Level, Main Library.

## Finding Your Family in the Census

April 21

United States Census records are rich sources of genealogical information. Join us as we learn more about using these valuable records for your family research. As we will be using electronic resources, basic computer skills are recommended. This workshop meets in Computer Lab 2, First Floor, Main Library.

## Using Ancestry in Your Genealogy Research

May 12

With more than 7,000 databases and 200 billion images, Ancestry is the premier online genealogy resource--and it's available to you for **free** within any Akron-Summit County Public Library location. This workshop introduces you to the many features of Ancestry Library Edition and shows you how to do efficient and effective searches. Because electronic resources are used, basic computer

skills are recommended. This workshop meets in Computer Lab 1, First Floor, Main Library.
