

Celebrate Northeast Ohio's abundance of fresh water

Sunday, March 22, 1-4pm

Main Library Atrium

Come and join the party as we celebrate Northeast Ohio's abundance of fresh water. Enjoy a variety of activities and performances for all ages.

- See video of the Cuyahoga Falls Dam removal
- Explore the power of water to transform through creative play with an Enviroscape and a water table
- Attend a water-themed story time in our Children's Library
- View student-led research on environmental science with Western Reserve District 5 Science Fair competitors
- Take a picture of yourself kayaking
- See a block of ice transformed by sculptor Ron White
- Listen to water-inspired music
- Celebrate Northeast Ohio's rich water resources and learn how you can protect this incredible resource.
- Enrich yourselves with wonderful water facts
