

# PATENTS, COPYRIGHTS, TRADEMARKS—

## What's The Difference?

### AN INTRODUCTION TO INTELLECTUAL PROPERTY

Just like other types of property, intellectual property needs to be protected from unauthorized use. This program is an introduction to the four ways to protect intellectual property - patents, trademarks, copyrights and trade secrets.

**Please note: This class will meet in Meeting Room 1 on the High Street Level.**

**Tuesdays, 7-8 pm:  
February 16, May 18**

Class size is limited. Please contact the Science and Technology Division to sign up.

### AN INTRODUCTION TO TRADEMARKS—NAMING YOUR PRODUCT AND PROTECTING YOUR BRAND

Whether you are starting a new business or expanding a current business, trademarks are a great way to establish your corporate identity. Our class will demonstrate how to search state and federal trademark databases.

**Please note: This class will meet in Meeting Room 1 on the High Street Level.**

**Tuesday, March 16, 7-8 pm**

Class size is limited. Please contact the Science and Technology Division to sign up.

### INTRODUCTION TO ONLINE PATENT SEARCHING

Do you have a great idea for an invention? We can show you how to do a patent search using the United States Patent & Trademark Web site. Basic computer skills and familiarity with the internet is preferred.

**Please note: This class will meet in the Patent Alcove in the Science & Technology department.**

**Saturdays, 10 am-12 pm: January 30,  
March 13, May 15**

Class size is limited. Please contact the Science and Technology Division to sign up.
