

TM PATENTS AND TRADEMARKS

Introduction to Intellectual Property

Monday, January 23 and Tuesday March 13;

both at 6:30 pm Confused about how best to protect your great ideas? You're not alone.

Librarians from the Science & Technology Division's Patent & Trademark Resource Center will explain the differences among the major types of intellectual property protection - patents, copyrights, trademarks, and trade secrets. Learn how to determine which type of protection is best for you.

Please note: This class will meet in Meeting Room 1 on the High Street Level.

Introduction to Patents/Patent

Searching Saturdays, January 28 and

March 24, 10 am Do you have a great idea

for an invention? Maybe a patent is for you! Librarians from the Science & Technology division will explain the process of getting a U.S. patent and show you how to do a preliminary patent search using the United States Patent & Trademark Website. Basic computer skills and familiarity with the Internet is suggested.

Please note: This class will meet in the Patent Alcove in the Science & Technology division.
