

# Crafter Work — Wood Be Wood Carvers

**Monday, April 18, 5:30 pm**

Join us downtown as we learn about wood carving from the Wood Be Wood Carvers, Al Soles and Tim Crawford.

Al Soles has been carving for 15 years. Al will be teaching us about relief carving and chip carving. As an engineer Al will also talk about geometric shaping of chip and relief carving.

Tim Crawford has been carving for 21 years and will talk about tools, types of wood and carving in the round. He will inform you on how to keep your tools shaper. Tim Crawford has taught carving for many years to all ages and has traveled the country talking about Wood Carving for Flexcut wood carving tools.
