

CELEBRATE URBAN BIRDS

Every Thursday at 12:15 pm

Join us every Thursday in the Library Park at the corner of South Main and Mill streets to help record the birds we see. All ages are welcome and no experience is necessary to participate in this Citizen Science and NatureConnect initiative. This project is in cooperation with the Cornell Lab of Ornithology, which is tracking 16 bird species found in urban areas. Binoculars may be helpful, but are not required.
